## EXPERIENCE

### Lehinet Solutions – Developer

(August 2025 – Present)

- Built web applications using C#, ASP.NET Core, and MVC/Web API, implementing CRUD operations and RESTful endpoints.
- Applied object-oriented programming (OOP) principles and clean coding practices in building maintainable solutions.
- Integrated third-party APIs and services into applications.
- Consumed and tested APIs using Postman/Swagger, ensuring proper request/response handling and error management.

### Masterweb Solutions – Developer Intern

(January 2025 – June 2025)

- Built web applications using C#, ASP.NET Core, and MVC/Web API, implementing CRUD operations and RESTful endpoints.
- Demonstrated strong problem-solving skills through debugging, code reviews, and continuous learning.
- Developed and maintained databases using SQL Server, writing optimized queries, stored procedures, and basic indexing.

### Canice Hans Pharmacy – Pharmacist Consultant

(August 2025 – January 2026)

- Dispensed medications accurately and provided patient counseling on proper usage, dosage, and potential side effects.

- Educated patients on chronic disease management, lifestyle modifications, and adherence to prescribed therapies
- Conducted medication reviews and ensured compliance with prescription guidelines and regulatory standards

## PROJECTS

### ♦ Expense Tracker API -

Built an API that allows users to record, categorize, update, and retrieve expenses and income. Implemented validation, pagination, and secure authentication.

#### Technologies Used:

C#, ASP.NET Core Web API, Entity Framework Core, SQL Server, Postman, JWT Authentication

### Divcon Conference App —

Contributed as a Junior Engineer to the development and deployment of this app.

**Technologies used** - Bootstrap, JavaScript, Python, Django, Django RF, MySQL. Link: <https://www.divecon.com>

## EDUCATION

**Nnamdi Azikiwe University, Awka**

**Bachelor of Pharmacy**

## SKILLS

- C#
- .NET
- MSSQL
- HTML
- Javascript
- GitHub

## SOFT SKILLS

**Problem-Solving & Critical Thinking**

**Collaboration & Teamwork**

**Communication & Documentation**

**Adaptability & Continuous Learning**

**Time Management & Task Prioritization**

**Attention to Detail & Debugging**
